THE ROUTE

Enjoy some of the best viewpoints in East Lothian on this hill climb and coastal walk that links North Berwick Law with Tantallon Castle.

Leaving from the car park at the foot of the climb, your first view will be from the top of the steep slopes of North Berwick Law. This volcanic plug offers 360 degree views over the Forth and much of East Lothian. You can even see your destination – Tantallon Castle to the east.

After the descent, follow the John Muir Way into North Berwick and down to the harbour. Leave the John Muir Way and head east along the beach and then follow the main road towards Canty Bay, which has a great viewpoint from the headland overlooking the beach.

Upon reaching Tantallon Castle, your final climb will be its cliffside towers for spectacular views of Bass Rock and the East Lothian coastline. For tired legs, there's a bus service back to North Berwick from the bus stop at the end of the castle driveway.

TERRAIN

The path up and down North Berwick Law is steep and grassy in places, so take care. Once back at the car park, the route follows the signposted John Muir Way along pavements and through the park into North Berwick. Leaving the town, it follows the main road on pavement until just before Tantallon Castle. Take care here as there are 200m with no pavement so use the grass verge to reach the driveway to the castle.
